

A man in a grey wetsuit is standing outdoors near a body of water. He is holding a large black freediving fin in his right hand and making an 'OK' hand gesture with his left hand. The wetsuit has a white logo on the chest. He is wearing a black neck collar and a white and orange belt. The background shows a calm body of water and a forested hillside.

Freediving Retreat

A week full of sun, sailing and epic dolphin encounters. Imagine yourself on a sailboat in the middle of the sea, only sharing it with a small group of like-minded people. This can be the magical equation of joy to anyone who considers himself/herself a thalassophile.

In this retreat, you will settle into your breathwork, your mind chatter quiet, and your muscles start to relax as you take your last breath before dipping your head below the surface just to get dazzled by 100s of dolphins

*Thalassophile: a lover of the sea

*Suitable for advanced or complete beginners
